

The Zebra ET51/56 Rugged Enterprise Tablet

Designed for enterprise and built for work

The Zebra ET51/56 tablet is rugged to the core. Designed and purpose-built to meet the needs of enterprise, it carries an overall spec that's ready to deliver – both in the field, and for your bottom line:

Display

- Outstanding 2560x1600 resolution for greater clarity
- Performs in all conditions, including wet and gloved
- Bonded touch display with shatter and scratch-resistant Corning Gorilla® Glass – no screen protector required

Power

- 9660mAh internal battery drives higher resolution display 8 hours and beyond
- Internal battery offers 30% higher capacity than competitor
- Hot swap external battery option allows for round the clock use
- PowerPrecision+ technology monitors battery performance – preventing downtime and increasing productivity

Durability

- Rugged drop spec – minimum 1.0m to concrete
- Drop spec almost doubles with addition of our rugged frame – 1.8m to concrete
- Wide -20C to 50C temperature range
- Genuine Zebra accessories, built to fit. No third-party supply
