

ADDITIONAL READER WARRANTY

OPTIONAL PROTECTION FOR YOUR INVESTMENT

At Alien® we are proud of the quality of our readers and offer warranty options to back them up. All Alien RFID readers are warranted against defects in materials and workmanship for one year. If a reader is found to have such a defect, we will repair or replace it, or refund the purchase price.¹

In addition to the Standard Warranty, Alien offers two options for extended warranties. If you desire, you can purchase Extended Warranty coverage for up to 3 years.

Or if rapid response is required, you can purchase an Advanced Replacement Warranty that ensures that a replacement unit will be shipped overnight within 2 business days of your call. (This option is available in North America only, for up to 3 years from the date of purchase).

Extended Warranty:

The Extended Warranty may be purchased in 1 or 2 year increments before expiration of the warranty period and takes effect at the end of the standard warranty. Antennas purchased with the reader are also covered. Alien will repair, replace, or refund the purchase price of qualifying readers and antennas, typically within 21 days of receipt of the returned product.

Advanced Replacement Warranty:

The Advanced Replacement Warranty ensures that for qualified readers and antennas, a replacement will be shipped by overnight carrier within 2 business days of problem diagnosis. This warranty may be purchased in one-year increments up to a total of 3 years (product dependent). This warranty immediately supplements the standard warranty, so to gain a full three years of support, buy a 3-year term when you buy the reader. The Advanced Replacement Warranty is only available for products located in North America.
