

MEMOR™ 12/17 FAMILY

Enterprise-Grade Power in a Pocket-Sized Design

The Memor 12-17 series is a range of advanced full-touch Android devices specially crafted to meet our **customers' needs for ergonomics, security and durability**, all powered by cutting-edge technology.

The range provides the perfect solution for customers seeking to streamline their front-facing operations across retail, transportation and logistics, and healthcare.

Boasting a **sleek and ultra-thin form factor**, the Memor 12-17 delivers all that is needed for large and small enterprises: from our latest scanning and payment innovations to the most advanced **5G and WiFi6E mobile connectivity platform** for indoor and outdoor usage.

Complementing our ever-growing portfolio of full-touch PDA mobile computers - all powered by our Datalogic Mobility Suite and supported by our Ease of Care program, the Memor 12-17 range offers the **ultimate choice for even the most demanding customers**, without compromising between convenience and innovation.

TOP REASONS TO CHOOSE MEMOR 12/17

SLIM AND ROBUST

Our thinnest device ever, ergonomically designed for front-line workers for daily use, with a firm grip and light weight. Built for durability, it meets **MIL-STD 810H standards** for drops and tumbles, while a **Corning™ Gorilla™ Glass 7** display protects against scratches and drops.

FAST AND EASY SCANNING FOR EVERY TYPE OF ENVIRONMENT

Memor 12-17 enables high-speed barcode scanning in any lighting conditions, even on damaged or dirty codes. **GS1 Digital Link readiness** ideal for the latest retail barcode revolution.

PRODUCTIVITY AND CONNECTIVITY REDEFINED

Our unique **Swap memory** ensures Faster multi-tasking of applications for our customers with our Swap Memory, while the top connectivity indoor and outdoor **with Wi-Fi 6E, 5G**, and the fastest **GPS locking system**.

CHARGING AND PAYING HAS NEVER BEEN SO EASY

Customers can charge their devices, via fast **USB-C**, a stable **wired charging cradles**, or a **wireless** and contactless **charging cradles**. Offer effortless payment experiences to all customers through our **Multi-Side NFC** reading technology.

MAXIMIZE YOUR INVESTMENT WITH MEMOR 12-17

Get peace of mind with a **4+4 years of comprehensive hardware and software** support, up to **Android 18**. Get access to our **Datalogic Mobility Suite**, full coverage with our **Ease of Care** program and make your business more sustainable by choosing our eco-friendly accessories and packaging.
