OUT OF THE BOX

The Memor 12/17 4 Slot Battery Charger package contains:

- Memor 12/17 4 Slot Battery Charger
- Dual Lock Feet (x4)
- Dual Loch Adhesive Pads (x4)
- Quick Start Guide

Remove all the components from their packaging; check their integrity and compare them with all the packing documents.

CAUTION: Keep the original packaging for use when sending products to the technical assistance center. Damage caused by improper packaging is not covered under the warranty.

GENERAL VIEW

FAST THE CHARGER TO A SURFACE

To securely fasten the 4 Slot Battery Charger to tables, desks and other surfaces, and to prevent the dock from moving when you remove the device, use the four velcro dual lock feet provided with the matching dual-lock adhesive pads.

POWER THE DOCK

CAUTION: Use only the Datalogic power supply 94ACC0380 to power the 4 Slot Battery Charger.

Press the locking clip and pull the plug to remove the power supply cable:

CHARGE THE MEMOR 12/17

To charge up to four spare batteries, insert the battery pack and press it into the slot until the battery latch snaps into place. Charging starts automatically.

To remove the battery pack, pull it upwards.

DAISY CHAIN CONNECTION

The daisy chain connection allows to power two chargers with one power supply.

To connect a second charger use the Power Jumper (available as optional accessory, p/n 91ACC0049).

1. Connect the first charger to the second charger using the power jumper.
2. Connect the power supply to the first charger.
3. Plug the power supply into the AC/DC plug

LED INDICATORS

EAC

¹ Use only DL approved power adapters.
² The Memor 12/17 and the spare batteries should be charged at an ambient temperature between 0 - 40° C. Never charge the main device or spare battery in a closed space where excessive heat can build up.
Close to the limits of the working temperature, some display and/or battery performance degradation may occur.
