

# If your Zebra TC7X mobile computers are nearing the end of their lifecycle, there are plenty of reasons to upgrade to the TC73/TC78

## 2x more memory

- Ample storage for the most data-intensive applications
  - Up to 8 GB RAM and 128 GB Flash
  - A 2 TB MicroSD card slot

## 90% more processing power<sup>1</sup>

- Next generation Qualcomm 6490 octa-core processor
  - Blazing speeds and near instant response times
    - 90% more processing power
    - 400% faster graphics processor

## 28% larger display<sup>2</sup>

- View more information with less scrolling
  - Vivid 6-inch Full HD+ display
  - Easy to read inside and outdoors

## 10 ft./3.05 m drops to concrete

- Maximum drop specification in its class
- 25% increase over previous generation TC7X mobile computers — without a rugged boot

## “Wired-like” 5G cellular speeds

- Fastest cellular speeds (TC78)
  - 30-40 times less latency than 4G
  - Better signal quality and strength
- Support for CBRS private LTE networks (TC78 and US only)

## 3x faster Wi-Fi

- Compared to Wi-Fi 5, Wi-Fi 6E is:
  - Three times faster
  - 75% less latency
- Supports four times the number of devices

## 7% lighter, 20% thinner<sup>2</sup>

- Advanced manufacturing and materials technologies
- Enable a more rugged design — without adding weight or thickness

## New extraordinary scanning range

- The SE55 1D/2D Advanced Range scan engine with IntelliFocus™ technology
- Capture barcodes in hand and as far as 40 ft./12.2 m away<sup>5</sup>
- No more bending down or climbing ladders

## Unmatched battery technology

- Four options: standard, extended, BLE and Wireless (TC78 only) charging batteries
- Warm swap (standard models)
- Hot swap (premium models)
- Flexible and fast charging options with multi-slot cradles and support for standard USB charging cables
- Superior battery statistics for easy battery management

## Designed to last for 5 years

- Long lifecycle
- Five years of product availability<sup>3</sup>
- A full 10 years of service and support<sup>3</sup>

## 6x more accurate locationing<sup>1</sup>

- Ideal for first responders
- Z-axis support

## Crystal-clear, natural-sounding voice

- HD voice, including Super-wideband, Wideband and Fullband
- Easy to understand — as clear as if callers are in the same room

## Ultra-high resolution photos and videos

- 16 MP rear camera
- Optical Image Stabilization<sup>4</sup> for better photos in low light
- High Dynamic Range (HDR) captures details even in the lightest and darkest areas of the photos

## Bluetooth 5.2

- Better audio quality, accessory performance and power savings
- Innovative new ways to connect people and devices — connect one device to multiple hosts and multiple devices to one host

1. Compared with QCSD660; Qualcomm benchmark testing 2. Compared with prior generation TC7 Series devices 3. From the first date the TC73/TC78 is for sale 4. OIS on Premium models only 5. Distance dependent upon symbology type and size
