

FLEXANTENNA INDUSTRIAL PORTAL

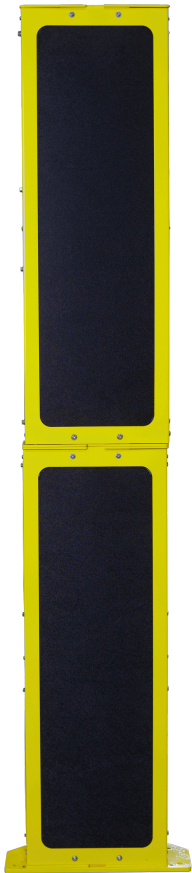

Product Overview

- FlexAntenna Industrial Portals create RFID gateways for precise zone control
- Multi-linear, focused beam technology ensures accurate tag reads across all orientations while minimizing cross-reads and blind spots
- Offers five flexible mounting options to match any installation
- Part number: **50001001**

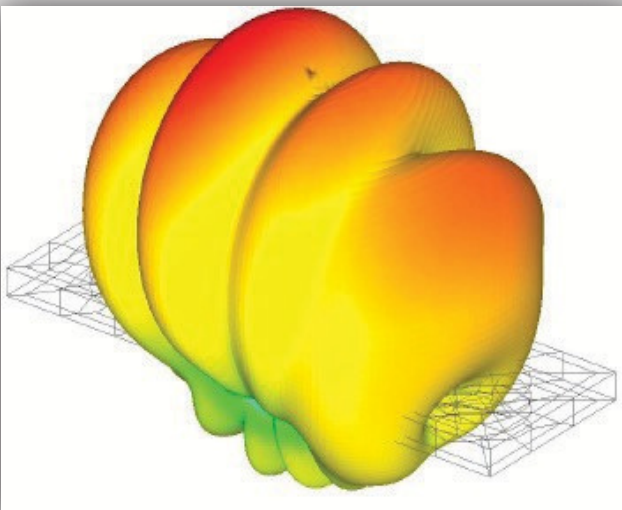

Key Features

- Focused Multi-Linear Beams
- Zone Control
- Compatible with any RFID Reader
- Modular Design
- Ready-to-ship inventory
- Ships Standard Parcel Services
- Safety Yellow for visibility

| SPECIFICATIONS |
|---|
| Dimensions: 38.0" x 12.8" x 5.8" |
| Weight: 19 lbs (per unit) Ship Weight |
| Temperature Range: -4°F to 140°F (-20°C to 60°C) |
| Frequency Range: FCC 902-928 MHz, ETSI 865-868 MHz |
| Gain: 8 dbi (FCC) / 7.5 dbi (ETSI) |
| Impedance: 50 Ohms |
| Maximum Input Power: 10 Watts |
| Connector: TNC Reverse Polarity |
| Polarization: Multi-Linear |
